Dr Jenny Sharp BSc PhD

Residential Mathematics Masterclass Course for Year 10 students

The course is primarily for students who attended a Year 9 series of masterclasses last year in Plymouth or Truro but as there are spaces still available I am able to offer it to other interested students. The course is a residential course over 3 days and will consist of a number of sessions exploring various areas of mathematics which are designed to be challenging but accessible for students who enjoy mathematics. There will also be some less intensive sessions and free time to socialise with the other students. This will be the 18th such course that I have run and the students who attend have enjoyed them tremendously.

There are two identical courses running this year, I can take up to 24 students on each course and I currently have limited spaces available on both courses. The courses are during the Easter Holidays: Course 1 is from lunchtime Wednesday 4th April through to lunchtime on Friday 6th April. Course 2 is from lunchtime Monday 9th April through to lunchtime on Wednesday 11th April. I will endeavour to keep students from the same school on the same course if possible.

The course is being held at the Delaware Centre Drakewalls, Gunnislake, PL18 9EH. You will need to make your own way to and from the Centre.

The cost of the course is £125 which covers all meals, accommodation and resources. Places are allocated on a **first come first served basis** so, if you would like to attend, please return the attached form as soon as possible. I will confirm (**via email**) whether you have a place and send information on how to pay. The place will only be finally confirmed when I have received the full payment. Full payment is required by early March 2018 when I need to confirm numbers with the venue. After that date, refunds will only be made if I am able to give the place to another student.

If you have any questions then please do not hesitate to contact me. My email is jsharp@plymouth.ac.uk and my office phone number is 01752 586872. If you get the answering machine please leave a message and I will get back to you.

I look forward to hearing from you.

Best wishes

Dr Jenny Sharp

South West Mathematics Masterclass Residential Course 2018

To be completed by parent/carer

Student Name.....School.....

Address (including postcode).....

Course 1 is from lunchtime Wednesday 4th April through to lunchtime on Friday 6th April. Course 2 is from lunchtime Monday 9th April through to lunchtime on Wednesday 11th April. It would be helpful in terms of planning to know your preferences for which course.

Please tick one statement:

| | |
|---|--|
| We can only do 9 th – 11 th April | |
| We can only do 4 th – 6 th April | |
| We would prefer 9 th - 11 th April but could do 4 th – 6 th April | |
| We would prefer 4 th – 6 th April but could do 9 th – 11 th April | |
| We do not have any preference between the two sets of dates and can do them both. | |

I understand places are limited and will be allocated on a first come first served basis and that the place will only be confirmed after the full payment is received. Full payment is required by early March 2018 and after that date, refunds will only be made if the place can be taken by another student.

Parent/carer name Relationship to «name1».....

Email address of above named parent/carer – please print carefully. All further communications will be through email to this address.

Phone number of above named parent/carer

(Parent/carer to sign)

Please return this form as soon as possible – places are allocated on a first come first served basis.
